

## **Véronique Verbeke**

Véronique Verbeke is head of Department Reporting and Environmental Impact at the Brussels Environment Agency (Bruxelles Environnement), Belgium.

Véronique has a MA in Physical Geography and a Ph.D. in Science (2005) from the Université Libre de Bruxelles (ULB). After a career as teacher and researcher at the ULB (1999-2007), she joined in 2007 the Brussels Environment Agency first as data scientist and then as manager.

The Department of Reporting and Environmental Impact she leads is responsible for the State of the Environment Report of the Brussels Capital Region, and of plan and program's Environmental Impact Evaluation.
